

## Scheda tecnica prodotto

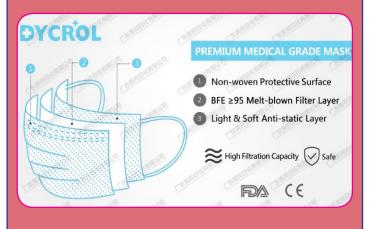

### Mascherina protettiva CE FFP1 FFP2

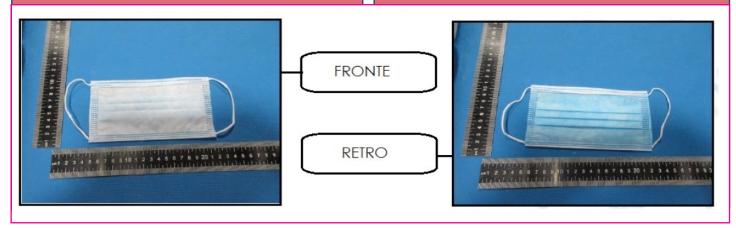

### Caratteristiche prodotto:

Mascherina protettiva costruita da tre strati differenti di tessuto filtrante antibatterico e antivirale rispondente alle normative mondiali sulla protezione individuale con una capacità filtrante che la incasella come grado di protezione nella normativa Europea a marchio CE con siglatura FPP2 ma che, proveniente da paesi extra Europa la declassa a FPP1.

EUT Description.....: Disposable Protective Face Mask

Model No. ....: 17.5cmX9.5cm, 3-Ply

Technical Data .....:

Remark .....:

Test Procedure Used: EN 149:2001+A1:2009

The results of this test report are only valid for the mentioned equipment under test. The test report with all its sub-reports, e.g. tables, photographs and drawings, is copyrighted. Unauthorized utilization, especially without permission of the test laboratory, is not allowed and punishable. For copying parts of the test report, a written permission by the test laboratory is needed.

The test results of this report relate only to the tested sample identified in this report.
